Group C No. 95. For Installation of Worthy Matron & Worthy Patron.(Husband & Wife)

It is with great pleasure that we welcome you to the East as the Worthy Matron and Worthy Patron of this Chapter. We are very sure you will enjoy the work of the year together. You will not only be concerned with the affairs of the Chapter while we are in session, but you will find it the principle topic of conversation in your home, in your daily life, and in your companionship together, as you solve many of it's problems over the breakfast table. In the interest of our Chapter there will always be perfect teamwork as you travel along through the year. We wish for both of you much success and happiness as you face the pleasures and the responsibilities of this year of service, and when the year is over, you will many times recall the happiness of the hours you worked together for the success and prosperity of our Order.
