

ANNIVERSARIES OF LODGES

Chapter 50 years
also 50 year pins

(The song "MEMORIES" is an appropriate one to have sung to introduce these brief talks.)

The clock of time has marked the years
That tell the story of our might;
It's splendid growth today appears
And fills our hearts with pure delight.

For what our builders here have wrought
And what success the past has brought
How glad and grateful, now, are we
On this, our Anniversary.

"FIFTIETH ANNIVERSARY."

This is our Golden year
A year of jubilee;
To God we raise a song of praise
So may it ever be.

Behind us lies the toil
The constant hopes and fears,
The priceless friendships and the joys
Of Fifty Glorious Years.

"FIFTY YEAR PINS"

Fifty years of service!
Faithful years and true
Happy moments, times of tears,
But we've come smiling through.

The rewards of loving service,
Memories of untold worth,
Golden Harvest of years well spent,
Most treasured gift on earth.
