TALKS FOR FESTIVAL DAYS

EASTER:

With the dawn of another Easter-tide, comes the thought of awakening and the resurrection of new hope.

As nature unfolds her buds and blossoms for our earthly pleasure and needs, so God unfolds our thoughts for spiritual light and development. May we find within our hearts, at this beautiful Easter time, the spirit of good-will and encouragement which makes the future seem very beautiful and full of promise.

Our Order is founded upon the Holy Scriptures and upon a belief in the existence of a Supreme Being. Its lessons are Scriptural; its teachings Moral; and its purpose Beneficent. May we all walk through the labyrinth of human life with a dignity becoming a true follower of Christ.

May the loving benediction of the Star in the East linger through the year and strengthen and guide us in the great work we strive to do. Let us go bravely to our daily tasks and in His wisdom share one another's burdens, so that those around us shall be encouraged and strengthened to likewise do God's Holy will.

Sisters and Brother, may God give to each of you His peace and joy this blessed Easter-tide.
