WOOLIE WORMS AND BUTTERFLIES

Woolie Worms and Butterflies
give us lots of fun.
Magic spells and ghosts
won't make us run!

Each day brings us harmony,
music from above.
Happy bluebirds singing songs of love.

The unfinished symphony
has only just begun.
With the helping hand of God,
it surely will be done!

You can't pet a woolie worm,
or hug a butterfly,
but we just love to watch them
crawl and fly!

We just love to watch them
crawl and fly!
