

My Wish For You

May Adah's light with its rays of deep blue
Help you at all times to be honest and true
May Ruth's yellow give illumination to see
The magnitude and importance of Constancy;
May Esther's station with its purest white
Give you the assurance that loyalty's right.
May the point of Martha with its living green
Give to you a faith which cannot be seen.
May the red of Electa and its message of love
Remind you of him who watches us from above;
In life's dark moments may you ever keep sight
of that beacon of hope, the Eastern Star light.
Our Eastern Star will guide our way
with such a special light that Faith and
Love and Loyalty will lead our footsteps right.

Congratulations on your initiation into Dawn
Chapter #125 on December 17, 2002
