

CLOSING

(While coming slowly down from East to Altar)

Judy
WM: Before we part, there is a message I bring
To Eastern Stars good and true.
Every word I speak, every song I sing
Will be of the good I have found in you.
I will not look for the flaws or wrongs,
But an Eastern Star spirit find,
And every thought of mine will be,
Of the good I have found in thee and thine.

(While coming down to altar facing WM)

Judy
AM: I, too, have a message for each one here
That we Love one another throughout the year.
That we look for the good in you and me,
This message, too, I leave with thee.

(While coming down and facing south of altar)

Betty
COND: My message to you is one of right,
As we go to our several homes tonight.
That God will send into the hearts of each one
Thoughts of kindness, now this day is done.

(While coming down and facing north of altar)

Susan
AC: From the north a message of Love I bring,
The Love of kindred, The Love of friends,
Each thought of Love we set sail on Life's sea,
Will return and bring happiness to you and me.

(While all are still around altar)

Lloyd
WM: May the thoughts we have brought you
From the North and South, *The East and **West
Make you glad that to our Chapter you came,
God Bless us, *till we meet again*.

*At this point the Cond. and AC clasp hands above the closed Bible.

**At this point the WM and AM clasp hands above the already clasped hands of the Cond. and AC.
