

"Share Christmas" Calendar

The purpose of this calendar is to reflect on our own wealth in relation to the rest of the world. This can be a family activity. Read the question each day and collect the money from each family member as it applies. The money could be collected in a Christmas stocking or any suitable container. The calendar is designed to be used from December 1st through January 6th. The money will be given to the Worthy Matrons Special Project (The Juvenile Diabetes Foundation).
